

HARD ARMOR RIFLE PLATE TECHNOLOGY

Precision and Performance

As a leader in hard armor technology, Diamondback Tactical offers a line of plates capable of defeating high-powered level III ballistic rifle threats. All of our level III hard armor rifle plates are tested to NIJ Standard 2005 Interim Requirements (2005 IR), and are manufactured from a variety of high-density composites and fibers for lightweight comfort. Upgrade your upper torso protection with state-of-the-art, reliable performance.

DBT-3SA-SIZE

DBT-3SA-SIZE (formerly the VBSS - DY23III)

LEVEL III - HARD ARMOR RIFLE PLATES (NIJ 2005 IR)

VBSS Stand Alone (DY23 III)
