

## DYNAMIC CARRIER

### Concealable Carrier

One of our most advanced carrier designs, the Dynamic carrier accommodates concealable armor panels, while providing front and back, dual plate pockets for upgraded protection. The Dynamic carrier accommodates the KAP™ plate, LifeShell™ corrections plate and various other steel and soft armor trauma plates. With a mesh outer shell and Diamond RipStop™ inner lining, the Dynamic carrier is offered in male and female design. Its low-profile design also offers a unique shoulder lock system, helping to secure adjustment.

C-DCC-M;  
C-DCC-F

Interior Lining

*When paired with a 5" x 8" and 7" x 9" triple threat KAP™ plate, the Dynamic carrier allows an officer to upgrade to ballistic protection of more than 14 special threats, spike 1 protection and stab/knife 2 protection.*
