AMERICANSNIPERS.ORG

SUPPORT AMERICAN SNIPERS IN THE WAR ON TERROR

Due to significant U.S. military cutbacks, U.S. military snipers and designated marksmen are often forced to spend thousands of dollars of their own money for the proper gear needed to perform their jobs. AmericanSnipers.org was formed 11 years ago to provide the needed gear, free of charge, shipped directly to the sniper or his unit, from a grateful nation.

Please support our 501c3 non-profit .org with your tax deductible donation. NO PERSON DRAWS A SALARY and ALL PROCEEDS fund items for profit, gear or shipping charges. The snipers are our countrymen and it is our single minded goal to HELP THEM; however we can, for as long as we can, free of charge, so help us God ~ AmericanSnipers.org.

TRIPODS / BALL HEADS

Recommended Tripod Systems for the HOG Saddle!

Manfrotto MT055 Aluminum 3-Section Tripod

The 055 redefines the 3-section aluminium tripod. Thanks to its size and shape, and to the materials used, the new 055 delivers an unprecedented level of stiffness.

BMF MT055XPRO3 \$239.99

Manfrotto MT055 Carbon Fiber 3-Section Tripod

The 055 carbon fibre 3-section tripod delivers maximum rigidity from the lightest components. The 100% carbon fibre tubes and QPL leg locking system increase the tripod's rigidity and absorb vibrations, stabilizing equipment under any conditions. Carbon fibre tubing and magnesium castings also reduce the weight of this tripod compared to the equivalent aluminium version.

BMF MT055CXPRO3 \$479.99

Manfrotto 190 Aluminum 3-Section Tripod

A compact 3-section aluminium tripod with advanced features and excellent build quality. The key feature of the 190XPRO3 is its 90° centre column mechanism, which allows the column to be extended vertically as normal, or horizontally to open up a wide range

of framing and shooting possibilities. The horizontal column mechanism is housed within the tripod's top casting for compactness, but it is easily and quickly extended whenever you need it.

BMF MT190XPRO3 \$219.99

Manfrotto Horizontal Grip Action Ball Head with RC2 Rapid Connect

Take the versatility of a ball head, add true ergonomic control and you get

the 322RC2: a head that allows you to unblock, move, position and lock with one hand in one position thanks to the revolutionary design of its grip handle, which incorporates the ball lock lever. A friction control wheel lets you regulate the power of the blocking mechanism to match the weight of your equipment. The 322RC2 is made from magnesium for lightweight performance, and is designed to keep the weight of your kit as close as possible to the tripod's center of gravity by way of its reduced height.

BMF 322RC2 \$179.99

Manfrotto Magnesium Ball Head

An extremely precise ball head, providing extra smooth movements thanks to state of the art

materials and technology.

Innovative and unique features like the unique 90°-105° portrait angle selector allow better control for advanced precise settings. Innovative, compact, ergonomic, powerful and made of lightweight magnesium, it is the ideal tool for durability, high performance and accuracy. The new magnesium Q2 quick release system is compatible with RC2 standard plates and offers increased ergonomics, speed and reduced weight.

PRECISION RIFLE

SNIPER TOOLS DESIGN

Angle Cosine Indicator Kits

Designed to increase lethality and accuracy for shooters in mountainous terrain or MOUT / urban environments, the ACI Kit works on any shoulder-mounted weapon system.

The ACI quickly and accurately measures the angle cosine to determine proper bullet drop for accurate and critical firing solutions. The ACI is compatible with the Mildot Master, the Advanced Ballistic Calculator and F.D.A.C.'s!

The ACI Kit is compatible with the M107 .50 Caliber Long Range Sniper Rifle (LRSR), M110 7.62 mm Semi-Automatic Sniper System

(SASS), and the M24 7.62mm/300WM Sniper Weapon System (SWS) and most shoulder-mounted weapon systems, M14's etc.

- USTS ACI KIT 34 SB USMC SSDS 7.62 (34mm 7.62) – NSN 1005-01-584-5395** **\$209.95**
- USTS ACI KIT 34 SB USMC SSDS .50 (34mm .50 Cal) – NSN 1005-01-584-5402** **\$209.95**

Angle Cosine Level

The "Angle Cosine Level," (ACL) has an "Anti-Cant" device incorporated into it. Opened with a flip of your thumb the all mechanical anti-cant device is displayed in full view and

also rotates so that it remains vertical on the Z axis. This device is not a spirit bubble level. There is no glass vial to break and no liquid to leak out or freeze from cold weather temperatures. The ACL is impervious to the elements, completely mechanical, rugged and accurate!

- ST ACL-A1** **\$269.00**

ACI

The Angle Cosine Indicator is a simple tool for shooters in mountainous terrain or MOUT conditions where the operator can be faced with targets at high or low angles. Completely compatible with the Mildot Master and ballistic software, as the cosine numbers are laser engraved onto the body in five-degree increments. Works on any shoulder-mounted weapon system and with just about any optics.

RACS-LW BUTTSTOCK

All of the RACS adaptability in an ultra-lightweight package.

Patent-pending Remington® Accessory Chassis System (RACS) incorporates state of the art operator defined attributes – Octagonal free float tubular front handguard – Operator selectable rail sections for attaching clip-on night vision systems, lasers, bipods & other accessories. Fully Adjustable Folding butt stock to meet operator and mission requirements.

Features include: Fully adjustable for LOP, shoulder, comb height and cast. Quick, silent adjustments & Tool-free adjustment locking levers. Multiple flush-cup sling swivel Att. Removable accessory rails to accept additional sling points or monopod.

SUPCOVS

Suppressor Cover

The "SUPCOV" protects you, the suppressor, and your equipment. It is also designed to help prevent mirage from obscuring your site picture after multiple shots.

Unlike expensive conventional "velcro and cordura wrap" or "lace on" covers that come loose, get shot off or even worse possibly burn with multiple shot strings and magazine changes. SUPCOV's are custom extruded from high-temperature silicone that securely attaches directly around the can. The design features internal and external ribs which encourage cooling through convection by allowing airflow under the cover. Designed to fit Most 1.5" 5.56 & 7.62 Suppressors. **.22LR through .50 Caliber sizes also available – check our website!**

PRECISION RIFLE

Eberlestock "Gunslinger II"

A mid-sized pack with a full-width scabbard to better accommodate weapons with larger cross-sections or bulky optics. Because it's also wide at the bottom, users have the option of carrying weapons butt-down or butt-up. Both front loading and top loading features. Comes standard with our Intex-II frame system. **Dry Earth, Coyote Brown, Black or Military Green.**

EB G2M \$329.00
EB G2MM Multicam \$349.00

Eberlestock G3 "Phantom" Sniper Pack

Provides an integrated drag bag and backpack. Carry your heavy weapon in the backpack, either with or without the concealing top-cover. The modular system lets you choose how much or how little

of the system you need for your mission. **Black, Coyote Brown, Military Green or Dry Earth.**

EB G3M \$389.00
EB G3MM Multicam \$429.00

Eberlestock F4 "Terminator"

Optimized for the scout/sniper mission, the F4M Terminator has a unique articulating rear interior wall that allows a weapon to be carried near the wearer's back. The F4M is laid out

much like the G4M Operator, but instead of a built-in weapon carrier, the pack is a conventional pack with configurable load bay. **Coyote Brown, Military Green or Dry Earth.**

EB F4M \$429.00
EB F4MM Multicam \$479.00

Eberlestock X3 "LoDrag"

Incorporates a tactical weapon-sized scabbard. The HiSpeed and LoDrag packs have a unique contour shape that tapers at both the top and the bottom. They are fully compressible with pairs of side-mounted compression straps. PALS/MOLLE compatible webbing. **Military Green or Dry Earth.**

EB X3M \$229.00
EB X3MM Multicam \$249.00

Eberlestock G4 Operator

Chosen worldwide by many of the most elite special operations sniper teams. The scabbard folds into the bottom of the pack when not carrying a long gun, and the remaining space is an excellent load bay. System includes a GSTC Butt Cover for the scabbard, and a

pull-out rain cover sized for the full pack. Comes standard with our Intex-II frame system. **Dry Earth, Coyote Brown, or Military Green.**

EB G4M \$449.00
EB G4MM Multicam \$489.00

Eberlestock J79 "Skycrane II"

Modular load bearing system consisting of three primary bags: the basic J79 pack, the pull-out G1 "Little Brother" pack, and a removable fanny/courier pack. Its unique design allows it to perform exceptionally well in a variety of configurations.

The system has a variety of gear compartments and storage spaces that are designed for flexibility, ease of operation, and accessibility. **Coyote Brown.**

EB J79M \$499.00
EB J79MM Multicam \$549.00

Eberlestock J51 "Warhammer"

An off-shoot of the popular J79 Skycrane II, but with more generous side/main butterfly compartments. A great stand-alone pack, with ample 3-day-class storage and two pockets sized for 70 oz/ 2-liter hydration bladders (sold separately). Intex-II frame is fully wrapped in the structure of the pack. **Coyote Brown, Military Green or Dry Earth.**

EB J15M \$299.00
EB J51MM Multicam \$339.00

PACKS & FIELD GEAR

Eberlestock V69 "Destroyer"

An extremely capable and comfortable load bearing system. Extremely light weight. With both top loading and front loading features, it's easy to find your gear wherever in the pack you have it stowed. Full array of compression

and lash straps. Includes a fitted rain cover that pulls out of a bottom pocket. 60 liter capacity. **Coyote Brown, Military Green or Dry Earth.**

EB V69 \$389.00

Eberlestock V90 "Battleship"

An extremely capable and comfortable load bearing system. Extremely light weight. With both top loading and front loading features, it's easy to find your gear wherever in the pack you have it stowed. Full array of compression and lash

straps. Includes a fitted rain cover that pulls out of a bottom pocket. 99 liter capacity. **Coyote Brown, Military Green or Dry Earth.**

EB V69 \$389.00

Eberlestock X4 "High Speed"

A variation of the popular X1A1 model, with no scabbard. Unique contour shape that tapers at both the top and the bottom. Fully compressible with pairs of side-mounted compression straps. PALS/

MOLLE compatible webbing. Two main entry panels: a large front door for the lower section, and a unique top/front loading upper compartment. **Black, Coyote Brown, Military Green or Dry Earth.**

EB X4M \$179.00

EB X4MM Multicam \$199.00

Eberlestock F52 "Jackhammer"

A blend of some of the most popular features of our tactical packs: combined top-loading and barn door front-loading access, interior organizers including back wall PRC-

117 radio compartment, PALS/MOLLE compatible webbing, full-length tubular side pockets, an LP-1 compatible top flap, a built-in rain cover, and more. Comes equipped with the Intex II frame. **Military Green or Dry Earth.**

EB F52M \$329.00

EB F52MM Multicam \$369.00

Eberlestock G1 "Little Brother"

Features an expansion sleeve that allows you to insert any of our side scabbards. Features both top-loading and full-front panel loading. MOLLE/ PALS webbing fills all useful spaces inside and out. Two hydration sleeves

on interior back wall sized for 3-liter hydration. Radio rack on back wall for PRC-117 class military radios. Comes with a harness. **Dry Earth, Coyote Brown, or Military Green.**

EB G1M \$189.00

Eberlestock F3F "FAC Track"

Upper back wall radio rack with 3 large antenna portals. Padlock webbing tie-points all over the pack. "Shooter's harness" with 3D mesh is vertically adjustable for varying torso lengths. Numerous small pockets and organizers. Plastic framesheet and contourable internal aluminum stays. Handles on 3 sides. Five

hydration compatible pockets. **Dry Earth, Coyote Brown or Military Green.**

EB F3F \$289.00

EB F3FM Multicam \$329.00

Eberlestock F3 "Halftrack"

A front-loader, with two levels of varying-sized tuck-pockets lining its interior, PALS racks inside and out, and a fold-down shelf that can be used to divide the main compartment into upper and lower chambers. Includes a lightweight pull-out rain cover. **Black, Military Green or Dry Earth.**

EB F3M \$249.00

EB F3MM Multicam \$279.00

Eberlestock X1A2 Hunting Pack

The X1A2 retains all of the great features of the original X1A1, but introduces a wider rifle scabbard, larger main compartment and exterior pockets. **Hide-Open Western Slope,**

Hide-Open Timber Veil, Dry Earth.

EB X1A2 \$229.00

Eberlestock X2 Hunting Pack

Includes oversized compression straps for lashing on a heavy load. Dual hydration compartments. Quick-access pockets for spotting scopes and tripods. And now a rugged IntEx metal frame.. **Hide-**

Open Rock Veil, Hide-Open Western Slope, Hide-Open Timber Veil, Loden, Mossy Oak Brush, Dry Earth.

EB X2 \$199.00

EB X2MM Multicam \$219.00

Eberlestock H2 "Gunrunner" Hunting Pack

The H2 Gunrunner is a minimalist, lightweight rifle pack designed for hands-free hunting and quick access to your rifle. The pack has crossed vertical and horizontal compression straps, which are

useful to grapple things to the pack. **Loden, Coyote Brown, Dry Earth, Military Green, Hide-Open Timber Veil.**

EB H2 \$179.00

Eberlestock J34 "Just One" Hunting Pack

Features a new streamlined shape, vertically adjustable torso length, waterproof zippers, a high-visibility interior, deep "3D" ventilated padding, scabbard drainage and cleanout access.

Hide-Open Western Slope, Hide-Open Rock Veil.

EB J34 \$329.00

Eberlestock M5 "Team Elk" Hunting Pack

The Team Elk pack includes fold-away rifle scabbard, built-in bow carrier, Intex tubular aluminum frame, grapple-compression straps, waist-belt rangefinder pockets, and more! It serves well as a day pack but can serve for shorter multi-day trips, and is a great game hauler. Part of the proceeds from the sale of each pack are donated to the Rocky Mountain Elk Foundation. **Hide-Open Timber Veil, Hide-Open Western Slope.**

EB M5 \$329.00

Eberlestock "Sniper Sled" Drag Bag

The "Sniper Sled" includes a removable pack harness and hipbelt. The shoulder straps are similar to the Shooter's Harness found on our premium backpacks. With a combination of pack harness clips and beefy overlapping velcro straps, the harness and belt securely carry the bag, and provide excellent stability. The three large pockets on the front

side are detachable, with MOLLE style webbing attachments.

E2B: Coyote Brown, Dry Earth, Military Green, or Black.

E57B: Black or Dry Earth.

EB E2B (52" - 51.5" Interior Length) \$329.00

EB E2B Multicam \$389.00

EB E57B (58" - 57" Interior Length) \$349.00

EB R1 **\$179.00**

Eberlestock B1 Combat Office Brief

The Combat Office is the ultimate brief case for the road warrior. A tandem zipper easily opens the barn-door top, revealing a generously sized main compartment. Features plenty of pockets and MOLLE outer flap panel. Includes a discreet magnet-closure pocket for your handgun.

Dimensions: 13" x 18" x 5". Black or Dry Earth.
EB J51 **\$149.00**

Eberlestock Ultralight Sleeping Bag

A great warm weather bag, and works well in cooler weather if you wear insulated garments while sleeping. An extremely compact sleeping bag when compressed, this European-made bag is of exceptional quality and is perfect for "going in light." The incorporated mosquito net allows you to sleep under the stars in warmer weather, while keeping the summer's bugs out. **Dry Earth.**

EB SU18 (Up to 72.5" body height) **\$199.00**
EB SU20 Long (Up to 78.7" body height) **\$229.00**

FULL SPECTRUM SOLUTIONS

Compact, Lightweight and Modular Shooting Mat For Any Shooter

The FSS shooting mat is ideal for any type of rifle; pistol or shotgun shooting that requires multiple shooting positions and was designed and developed from the ground up with multiple years of real world operations and training in mind. It is very unique in the fact that it is extremely light weight, compact, versatile and allows the shooter to pack the shooting mat anywhere he/she goes by utilizing the molle attachment features.

- The FSS mat can be utilized in stand-alone mode or can be used while attached to the pack to provide a reliable shooting platform for long range marksmanship when bipod legs or other means are not available
- Very durable, constructed from 330 denier nylon with closed cell foam to protect the shooter while operating on hard/rough surfaces and is water "resistant"
- Light-weight, coming in at ~1 lb. 10 oz.
- Clear, water resistant "data on previous engagement" (DOPE) card holders that affix to the mat via Velcro. This allows the shooter to maintain their data in high wind environments or take them off and carry them in a pocket or on/in kit
- Adjustable Bipod loops are sewn into the mat to provide the shooter with the ability to "load" the bipod legs and practice proper marksmanship fundamentals without the gun sliding or slipping. This capability/feature could also be utilized to tie down and secure equipment as needed. The adjustable bipod loops allow the shooter to adjust the overall length to accommodate multiple different rifle platforms and are also removable via side release buckle if not in use or needed
- Rear grommets to secure the shooting mat when operating in high wind environments
- Dimensions – Open 29" (22") x 48"
- Dimensions Rolled Up 5" x 5" x 14"

Rolls up and fits into pouch.

40MM Less Lethal Munitions

CROSS SECTION OF THE BIP

- Internal energy absorption system
- Patented collapsible gel head

BIP UPON IMPACT WITH TARGET

- Head collapses and absorbs kinetic energy
- BIP head and body disfigure after impact making it difficult for rioters to throw back at police

On GSA Contract GS-07F-0259N
Contact us for a Quote or Purchase Directly off GSA Advantage!

BIP Standard

Advanced collapsible head engineering provides maximum safety and superior pain compliance

Training Round

Simulates the ballistics of the BIP, allowing for cost effective training and certification

Marking Liquid

Colored liquid semi-permanently marks target, allowing for future apprehension

Oleoresin Capsicum

OC powder irritant released upon impact and dissipates, not affecting bystanders

Malodorant

Noxious odor released upon impact, thus marking subject and deterring others

Forensic Marking

Unique and invisible forensic solution marks target with a designated coding system

CS Powder

Micro-pulverized irritant powder that causes a burning sensation in the mucous membranes

Marking Powder

Colored powder temporarily marks target upon impact for psychological deterrent effect

AAMI Less Than Lethal Multi-Shot 40MM Launcher

Where Accuracy and Multi Round Follow-up shots are needed the AAMI Less Than Lethal MSGL delivers!

The Multiple 40MM Launcher – Less than Lethal (MGL-LTL) has been developed around the needs of the modern tactical team. The launcher is capable of firing a wide variety of 40MM LTL ammo. This adaptable launcher also features the KeyMod rail system for the addition of grips, lights, lasers, and other accessories. The adjustable stock system featured on the MGL-LTL helps the operator to achieve the correct cheek weld and length of pull. The AAMI Weapons MGL-LTL is the solution that sends EVERYONE home safe.

6 rounds of OC, Blunt Force Impact, Marking or the new Malodorant 40MM rounds

are instantly available to handle large crowds or accurately engage a single target.

The Less Than Lethal (LTL) MSGL in 40MM is designed for use by state and federal police and law enforcement, as well as military for peace-keeping missions abroad.

**Large Crowd Control or
Single Target Capability!**

AAMI is currently the only manufacturer of the 40mm Multi-Shot Launcher in the USA. The MGL-AV140 is the only 40MM launcher that is qualified according to USDOD and STANAG specifications and ISO9001 and AS9100 (NASA) Compliant.

LAW TACTICAL FOLDER

Law Tactical AR Folding Stock Adapter Gen3-M

The first and only folding stock adapter compatible with AR platform rifles.

LAW TACTICAL

Works with direct impingement or gas piston systems and fits A2, carbine, mil-spec or commercial buffer tube and stocks. It can be used with standard bolt carrier groups including: full auto, semi auto, 5.56 to .308. Designed for low profile transport of AR rifles in non-permissive environments. The adapter is ideal for any situation that requires a smaller profile weapon for transport and storage. Simple one-button release folds the stock. To engage, just unfold and fire. The stock automatically locks into place, requiring no fine motor skills. Designed, built and assembled in the USA from CNC machined, 4140 steel.

CRW LTGEN3M \$259.99

The adapter does not affect gun function when unfolded in the standard fire position. The rear portion of the adapter is built to the same specifications as a standard receiver to ensure maximum compatibility. An integrated single point sling attachment point is included.

AK LIGHTNING BOLT™

See our website for variations.

AK Lightning Lever

The AK Lightning Lever™ improves the speed and ability to quickly access the AK Safety with out the loss of grip and control common on the AK47 design. Used in conjunction with the AK Lightning Bolt you get faster reloads, better ergonomics and a updated fire and control system for your AK 47 and Variants.

AK Lightning Bolt, Gen 2

One of the true AK innovations of the last 60 years, the AK Lightning Bolt consists of a right side charging handle and a top cover. The Generation 2 AK Lightning Bolt™ allows ambidextrous use of the charging handle. Firearms with a bolt hold open notch will still function properly with this product. Tried and tested, you can expect faster reloads and increased air flow to cool the weapon during long strings of firing.

The AK Lightning Lever™ enables the user to run the safety and fire the gun with the right hand, and with the left hand replace the magazines and operate the charging handle. **Chinese or European enhanced.**

SOCOM Approved & Issued!

SpecterDR
Dual Role 1x
/ 4x Optical
Sight

The SpecterDR switches instantly from a 4x magnified sight to a 1x CQB sight with the throw of a lever. Unlike zoom sights, the SpecterDR offers an optimized optical path and identical eye relief in both 4x and 1x modes. Depending upon the situation, the user may adjust the sight to illuminate the entire crosshair or just a brilliant red dot in the center. **Black or Tan.**

AT DFOV14-C1 (5.56) \$2,246.00
AT DFOV14-C2 (7.62) \$2,246.00

SpecterDR
Dual Role
1.5x / 6x
Optical
Sight

The ELCAN SpecterDR 1.5-6x is the second evolution in the family of Dual Role Optical Sights. Based upon the battle-proven SpecterDR design, the SpecterDR 1.5-6x provides higher magnification to enable greater precision and longer engagement ranges, while at the same time providing exceptional field of view in CQB mode. **Black or Tan.**

AT DFOV156-C1 (5.56) \$2,912.00
AT DFOV156-C2 (7.62) \$2,912.00

Specter TR 1/3/9

A 1/3/9x magnification scope giving any shooter the appropriate level of magnification required for any scenario on an AR style platform. The unique three field-of-view design maximizes combat effectiveness by providing precision close quarter, mid-range, and long range engagement capability. .

RIFLE & SHOOTING ACCESSORIES

AIMPOINT

Aimpoint Micro T-2
Redefines everything you thought you knew about compact red dot sights. Cutting edge lens coatings radically improve the shape and clarity of the 2 MOA red dot and physical protection has been

added for even more ruggedness.

AP 200170 \$761.00

Aimpoint Micro T-1

Suitable for use on Rifles, Carbines, Shotguns, Submachineguns and Handguns. Ideal as a stand-alone sight, or can be "piggybacked" on top of larger magnifying scopes,

night vision, or thermal imaging optics.

AP 11830 \$705.00

Aimpoint Comp M4

Incorporates an integral mount that eliminates the need for a separate ring, and can be customized with vertical and forward spacers. Eight year battery life!

AP 11972 \$846.00

Aimpoint PRO (Patrol Rifle Optic)

- Always ready - always on. Turn it on for up to 3 years using one single battery.
- 2 minute of angle red dot for accurate target engagement at all distances.

- Enhanced speed on target and increased first shot hit probability when compared to iron sights and magnified scopes.
- Compatible with all generations of night vision devices and may be used with Aimpoint 3X Magnifier and Concealed Engagement unit.
- Hard anodized aluminum alloy housing. Rugged enough for real world conditions and waterproof to 150 feet.
- Threaded front lens opening allows use of screw-in anti-reflection device (ARD).
- Transparent rear flip cover allows use of the sight (with both eyes open) even with both covers closed in an emergency.
- Modular mount set up for use on flat-top AR15, M4 Carbine and M16 rifles.
- QRP2 rail grabber mount. Snap knob three times for a perfect mount. Will not deform your rail like many other mounts.

AP 12841 \$424.00

- LEU 53756 (Mildot)** **\$2124.00**

SUREFIRE

SureFire G2® Nitrolon® Flashlight

High-output flashlight featuring a tough, corrosion-proof Nitrolon® body. The tactically-correct pushbutton tailcap switch provides secure, ergonomic activation control: press for momentary-on, twist for constant-on. **Black.**

- SF G2 **\$53.10**

SureFire X300® Ultra

LED Handgun / Long Gun WeaponLight

This top-selling WeaponLight features a high-performance LED that generates 600 lumens of stunning white

light that's focused by a Total Internal Reflection (TIR) lens to produce a high-intensity beam with extended range yet it provides significant surround light for peripheral vision in close quarters. **Black or Tan.**

- SF X300U-B** **\$269.10**

SureFire High-Capacity Magazine

The SureFire high-capacity magazine for 5.56x45 mm (.223 Remington) ammunition is compatible with M4/M16/AR-15 variants and other firearms that accept standard

STANAG 4179 magazines. •Reliable functioning due to mechanical simplicity and high-quality non-binding coil springs—no lubricants required.

- SF MAG5-60** **\$116.10**
- SF MAG5-100** **\$161.10**

You can find the complete line of SureFire products on our website!

SureFire 123A Lithium Batteries

SureFire Lithium batteries pack a lot of power into a small package. And unlike alkaline batteries SureFire Batteries boast a ten-year shelf life.

- SF SF2-CB (2-pk)** **\$3.75**
- SF SF12-BB (Box of 12)** **\$21.38**

SureFire Sonic Defenders®

Protect your hearing without interfering with your ability to hear routine sounds or conversations. Double-flange stem design fits most people

and provides a Noise Reduction Rating (NRR) of 24dB. Packaged in a carry case. **Small, Medium or Large.**

- SF EP3** **\$12.56**

SureFire Speed Holster

The patented V70 Speed Flashlight Holster allows the user to quickly access the flashlight from either a head-up or head-down position*. Rigid polymer construction protects

your light from impact while ensuring an "open mouth" for fumble-free re-holstering. Fits: 6P, 6PD, 6PDL, 6PL, 6PX, 6PXD, 9P, C2, C2L, C3, G2, G2D-FYL, G2-LED, G2L-FYL, G2X, G2XLE, G2Z, G2ZL, G2ZX, G3, G3L, G3L-FYL, P2X, U2, Z2, Z2L, Z2X. **Black.**

AAC 556-SD

Fast-Attach 5.56 Silencer

With a design based on an earlier version of the best selling M4-2000, the compact and lightweight 556-SD offers consumers feature-rich content and excellent value. Uses the tried and true 51T Ratchet Mount fast-attach system that enables users to install or remove the silencer in seconds. Includes 51T 1/2x28 Blackout Flash Hider Mount. The baffle core features 100% Inconel 718 and full circumferential fusion welding to provide a lifetime of use under the most demanding conditions.**\$649.99**

AAC SR5

Fast-Attach 5.56 Silencer

Users are able to securely install or remove the silencer in less than three seconds. Minimizes point-of-impact shift. Includes 90T 1/2x28 Blackout Flash Hider Mount. Designed to minimize back pressure and features a newly designed blast baffle that provides additional erosion resistance for use with short barreled hosts.**\$1,095.99**

AAC SR7

Fast-Attach 7.62 Silencer

Users are able to securely install or remove the silencer in less than three seconds. Minimizes point-of-impact shift. Includes 90T 5/8x24 Blackout Flash Hider Mount. Designed to minimize back pressure and features a newly designed blast baffle that provides additional erosion resistance for use with short barreled hosts. Also offers excellent performance on hosts chambered in 300 AAC Blackout, 6.8 SPC, and 5.56mm.....**\$1,095.99**

AAC Mini4

Fast-attach 5.56 silencer

Ultra-compact silencer for CQC rifles and carbines. Inconel 718 baffle core and 51T Ratchet Mount enables users to install or remove the silencer in seconds. Includes 51T 1/2x28 Blackout Flash Hider Mount. Significantly reduces the sound and flash signatures of its intended host firearms; below the 140 decibel threshold at the shooter's ear on 14.5" and longer barrels. Recommended for use with barrels longer than 14.5" for best results.....**\$895.99**

AAC Titan QD

Fast-Attach .300/.338LM Silencer

Building upon the groundbreaking design of the original TITAN silencer, the TITAN-QD raises the bar even further with a 90-tooth Ratchet-Mount and titanium construction that drops its weight by almost 50%. Features patent-pending monolithic Hyposone baffle module and is assembled via fully CNC automated fusion welding. The TITAN-QD has been tested and selected by some of our nation's most demanding end users and was recently selected as the silencer for the Army's XM2010 sniper rifle.....**\$1,994.99**

Gerber Downrange Tomahawk

A marvel of simplicity and efficiency in service of solving serious problems. No moving parts to break or jam, no extraneous gimmicks to get in the way—just a well thought-out design and three-quarters of a century of Gerber craftsmanship in your hands.

G 30-000377 \$249.95

Gerber Big Rock

Take confidence along with the Big Rock knife on a camping or backpacking trip. Baton through a pile of wood, cut down small branches and limbs for kindling, sever twine or rope, and accomplish a myriad of other camp-related tasks with its sturdy blade. Clean trout, cape a deer, feather sticks, all while maintaining the ergonomic SoftGrip handle easily in your hand.

G 22-01588 (Serrated) \$30.00

G 22-01589 (Fine) \$30.00

Gerber Prodigy

The full tang, US 420HC Stainless Steel blade is beefy, and coated with ceramic for improved corrosion resistance and reduced visual signature. The ergonomic over-molded rubber handles ensures a soft, comfortable, but secure grip in all conditions. Sheath is designed with a friction-release thumb lock for security. **Black. Made in USA.**

G 22-41121 \$73.00

Gerber O6 Auto - Drop Point, Serrated

This fully automatic knife is easy to grip and has a pommel designed as a strike point for emergency egress. The large lanyard hole allows for 550 cord or webbing. **Black. Made in USA.**

G 30-000377 \$156.00

Gerber E-Tool with Pick, Serrated Edge, No Sheath

This is a military-grade digging tool for trenches and holes. Armed with a powder-coated, carbon steel shovel head and a serrated blade edge, the E-Tool is designed

specifically to conquer tough digging problems in all types of terrain. The foldable body is made of an anodized aluminum shaft and glass-filled nylon handle. The head folds back exposing a pick for loosening rock and breaking up roots.

G 22-01945 5120-01-530-9641 \$86.00

ORDER FORM

We accept Visa, MasterCard, American Express, Money Orders,
Government IMPAC Cards, Government Purchase Orders,
GSA Advantage, DoD Email & DoD Milstrip.

Return Policy and Information for International Orders

We strive for the highest level of customer satisfaction. If you receive a product that is not up to expectations, just call or e-mail within 30 days with your explanation. We will give you a Return Authorization Number (RA#) and instructions for returning the merchandise. After we receive the product back in its original unused condition with the packaging and papers that it was shipped with, we will refund the purchase price, minus the shipping charges, or replace the item. Scopes and mounts are not returnable if they have been mounted. Manufacturer warranties apply on all products.

Customs Duties, Import Licenses, Taxes for International Orders

You are responsible for any Import Licenses, Customs-assessed import duties, all local taxes, and in-country delivery fees (if any). We assume no responsibility for these additional charges and caution you that they may be much higher than you expect. Packages seized by Customs for your failure to follow local import regulations are not refunded or credited. You, the customer, are solely responsible for all compliance with your country's regulations. Packages that are left unclaimed and forfeited to Customs or the carrier are charged to your account in all cases. We will not issue credit for these occurrences.
